

An emergency doctor is available 24 hours a day, 7 days a week, 365 days of the year

My Emergency Doctor, Australia's first telemedicine service exclusively staffed by emergency specialist doctors, is available to support your patients or residences.

Our consulting doctors are all Fellows of the Australasian College for Emergency Medicine (FACEMs) and are highly skilled in making rapid, accurate assessments in medical emergencies.

Consultations can be done over the phone or via video on smart devices, with our doctors able to diagnose, write prescriptions, create x-ray and pathology referrals and more.
